

The World's Energy Producing Giants²⁵

OIL PRODUCERS SINCE

Russia	USA	Saudi Arabia
1745	1859	1938

Oil Reserves* (Million Barrels)

Crude Oil Production** (Million Barrels Per Day) 2015 Figures

Global Rank for Liquids Production As of 2014

1 USA 2 Saudi Arabia 3 Russia

Liquids Production (Million Barrels Per Day) 2015 Figures

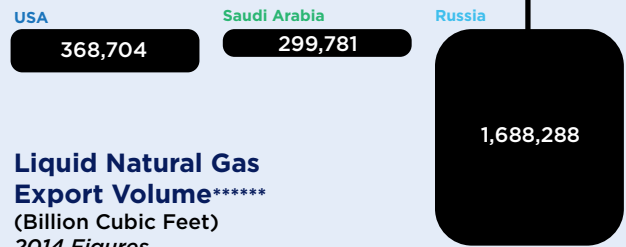

Liquids and Refined Product Export Volume**** (Million Barrels Per Day) 2014 Figures

USA	4.09
Russia	8.93
Saudi Arabia	7.10

Global Rank for Natural Gas Production As of 2014

1 USA 6 Saudi Arabia 2 Russia

Natural Gas Reserves*** (Billion Cubic Feet)

Liquid Natural Gas Export Volume***** (Billion Cubic Feet) 2014 Figures

USA	14
Russia	512
Saudi Arabia	0

Dry Natural Gas Production (Billion Cubic Feet) 2015 Figures

Natural Gas Pipeline Export Volume***** (Billion Cubic Feet) 2014 Figures

Notes * U.S. oil reserves figure is as of December 31, 2014, and the reserves figures for Russia and Saudi Arabia are as of January 2016.
 ** Russia's crude oil volumes include lease condensate.
 *** U.S. figure is as of December 31, 2014, and represents dry gas reserves, and Russia and Saudi Arabia are as of January 2016.
 **** The U.S. and Russia figures represent crude and product exports. The Saudi Arabia figure includes crude oil, NGLs, and other.
 ***** According to the EIA International Energy Statistics, Saudi Arabia did not export dry natural gas in 2014.
 ***** According to the EIA International Energy Statistics, Saudi Arabia did not export dry natural gas in 2014.
